

AN ANNOUNCEMENT OF PRESS GLASS INC., DATED ON MARCH 20, 2020

REGARDING THE CORONAVIRUS (COVID-19)

Press Glass Inc. continues to monitor the progression of the Coronavirus (COVID-19) and the potential effect it may have on our employees and business.

We would like to inform you that Press Glass Inc. is currently operating without any disruptions and we are ready to fulfill present and future commitments to our customers and business partners.

Based on communication with our strategic suppliers we do not anticipate any disturbances in the raw materials supply chain and transportation capabilities. The stock levels of key raw materials have been secured at its maximum defined level and is supplemented on a regular basis.

Press Glass Inc. has implemented necessary safety measures in all locations. This includes restrictions on travels, meetings and other planned events, as well as contingency planning in our production facilities.

The investment project in our new production facility is being executed and is anticipated to be finalized in accordance with the original schedule. The engagement of employees from external companies involved in this investment has been limited to the necessary minimum.

We are monitoring the situation and will inform if there are any factors that could influence daily operations in our production facilities as well as planned deliveries to our customers.

We are also ready to provide our customers with temporary support in the event of disturbances connected with the availability of fabricated glass.

Maciej Migalski
President
