

Press Glass Plant, Ridgeway, VA

5

REASONS TO COOPERATE WITH PRESS GLASS

did YOU KNOW that by working with us:

1. You can have **EUROPEAN-QUALITY GLASS MADE IN THE U.S.**

No longer do you need to invest in thousands of dollars and miles overseas to receive European-quality glass. Our most modern U.S. facilities bring glass of the highest standards in Europe with U.S. certificates, right to your site.

2. You will find a **RELIABLE PARTNER.**

When you work with Press Glass, our word is our bond. With over 30 years of solid experience, our motivated team is driven by a desire to become your credible and long-term partner and to deliver your project on time and according to agreed standards.

3. You can **STREAMLINE YOUR ORDER** for the most complex projects.

Our variety of processes and products provide a one-stop shop for all your needs, including XTRA Large glass, 1410 DPI digital print, bent-tempered glass, 3D Glass, heat treatment, heat soak testing and more.

4. You will get **INDIVIDUAL SUPPORT.**

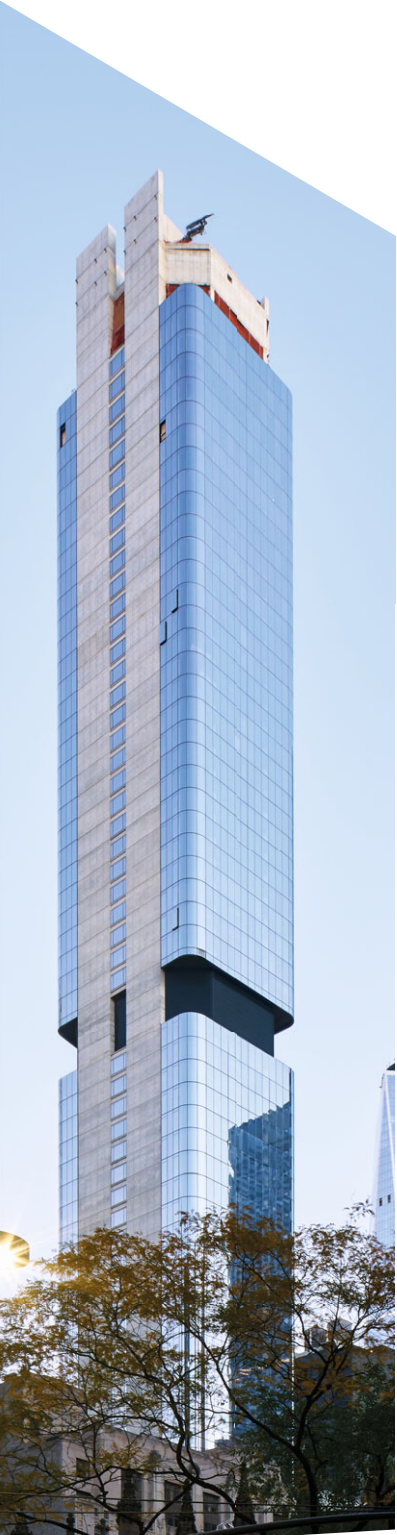

With Press Glass, your project takes priority. Whether moderate or monumental, our dedicated technical advisors provide individual care to you and your project from inquiry until completion.

5. You will see the **VISUAL DIFFERENCE.**

With Press Glass cutting-edge and world-class equipment you will experience superior visual aesthetics. Our highly automated processes reduce the chances for unexpected visual imperfections.

CHALLENGE US WITH YOUR MOST COMPLEX PROJECTS!
